TO THE RIGHT HONOURABLE MALCOLM RIFKIND QC MP
Her Majesty's Secretary of State for Scotland

1. We, the Boundary Commission for Scotland, constituted in accordance with the Parliamentary Constituencies Act 1986 for the purpose of the continuous review of the distribution of seats at parliamentary elections in Scotland, submit this report under the provisions of section 3(3) of the Act, showing our recommendations with respect to the areas comprised in the following constituencies:

- 1.1 the county constituencies of Carrick, Cumnock and Doon Valley, and Galloway and Upper Nithsdale;
- 1.2 the county constituencies of Central Fife, Dunfermline East, North East Fife, and Perth and Kinross;
- 1.3 the county constituencies of Clydesdale and East Kilbride and the burgh constituency of Glasgow Cathcart;
- 1.4 the county constituencies of East Lothian and Midlothian and the burgh constituency of Edinburgh East;
- 1.5 the burgh constituency of Monklands East and the county constituency of Falkirk East;

- 1.9 the county constituency of Clydebank and Milngavie and the burgh constituency of Glasgow Garscadden.

2. Notice of our intention to consider making a report with respect to the first six groups of constituencies was submitted to you on 12 February 1988 and was published in the Edinburgh Gazette on 19 February 1988. The enumeration date for the review of those constituencies is therefore 19 February 1988. We also issued our provisional recommendations on that date and, as required by the 1986 Act, we published the recommendations in at least one newspaper circulating in each of the areas affected, inviting any persons who wished to do so to make representations to us about our proposals within the statutory period of one month. Copies of the recommendations, with illustrative maps, were made available for public inspection at local authority offices and other suitable places within each constituency affected. We are grateful to the local authorities and their officers for their co-operation in these arrangements. In addition, copies of the recommendations and maps were sent to the political parties in Scotland and to the Members of Parliament for the constituencies affected, and copies were deposited in the Library of the House of Commons for inspection there.

3. We subsequently gave you notice on 14 April 1988 of our intention to consider making a report with respect to the last three groups of constituencies. That notice

was published in the Edinburgh Gazette on 19 April 1988 which thus became the enumeration date for that part of the review. We issued our provisional recommendations for those constituencies on 19 April and followed the same procedure with respect to them as we had adopted for the earlier part of the review.

4. In each case our intention was that the constituency boundary should be altered to conform with the new regional and/or district boundary. The considerations which led to our proposals are set out below. With the exception of the representations referred to at sub-paragraphs (1) and (n) below, no representations were received in respect of our proposals.

The Clydebank and City of Glasgow Districts (Yoker) Boundaries Amendment Order 1988, which came into force on 1 June 1988, transferred areas in the vicinity of Yoker between Clydebank District and the City of Glasgow District, thereby altering the district boundary which formed part of the constituency boundary between Clydebank and Milngavie CC and Glasgow Garscadden BC.

Following publication of our provisional recommendations the Director of Planning, City of Glasgow District, drew our attention to a discrepancy between the areas proposed to be transferred from Glasgow Garscadden BC to Clydebank and Milngavie CC, and the areas to be transferred from the City of Glasgow District to Clydebank District. The discrepancy affected the area south of Dumbarton Road and Glasgow Road which was inadvertently included in our notice and maps as being one of the areas proposed to be transferred from Glasgow Garscadden BC to Clydebank and Milngavie CC. The area, marked 'J' on Map 1 illustrating our provisional recommendations, contains no electors. We accordingly published a revised notice of our provisional recommendations, omitting from the notice and map the reference to the area concerned, on 27 May and followed the usual procedure for public inspection, notification to the political parties and the Members of Parliament concerned, etc. No representations were received. These transfers affect 100 parliamentary electors at present in Glasgow Garscadden BC as shown in the table below.
